PROFESSIONAL PILOT TRAINING COURSES

CPL/IR WITH FROZEN ATPL

OVERVIEW

Our Airline Transport Pilot Licence career program is no ordinary route to becoming an Airline Pilot.

This airline-focused career program aims to take you directly to the role of First Officer.

Throughout your training, you will join fellow aspiring Airline Pilots to experience the skies in spectacular parts of the Malaysia as sharing adventures and making friendships that will last a lifetime

OUR SERVICE

Take one giant step towards your future as a fully qualified commercial pilot with the complete, pilot training programme at BATS Aviation (BATS).

BATS takes you from zero aviation experience to airline-ready in a fully comprehensive course. You will achieve your professional training qualifications, and we will support you every step of the way into airline employment.

BATS students will receive intensive ground and flight instruction in small, supportive classes, but will also benefit from much more. You will graduate with the full range of technical, non-technical and soft skills that airlines look for and everything you need to make a success of your new career.

KEY FEATURES

- Our new Commercial Pilot Licence for Aeroplanes with Instrument Rating syllabus include introduction to Multi-Crew Cooperation (MCC) and Upset Prevention & Recovery Training (UPRT).
- Highly skilled Instructors with more than 100 years of flying experience.
- Training at our purpose-built Training Center on the latest generation aircraft and simulators.

FLIGHT TRAINING ORGANIZATION

We are committed to train pilots which meets the needs of both airline and aspiring cadets by training them in an airline focused environment, providing the right expertise, devices and hands-on experience
